#### **IV. Member Topics –** One community member was in attendance to present an issue.

- His issue was regarding the dues collection for the non-adjacent properties, without buildings on them. He said that he had not been billed for dues on his property until this year, and that he purchased the property from Lexington Heights, Inc. He brought forward his payment, along with a generous donation to the community, in addition to the dues owed. There was more discussion about the process and how it was handled previously. Our Treasurer revealed that some people were being billed in the past while others were not billed. This is an effort to make the dues process consistent. There will be further discussion by the Board at a future meeting.
