Board of Trustees Meeting

June 12, 2021

I. Call to Order

The meeting was called to order at 9:05 AM by Association President. (Glady)

II. Trustees Present

(All Present) Renee Jobbitt, Diana Larsson, Liz Alimpich, Steve Minnick, Don McColman, Lynn Secord, Glady Stablein, Mary Wade, Gery Victor.

III. Reading/Approval of 5/22/20 Minutes –

The Board members silently read the minutes.

After the reading of the minutes Gery motioned to approve the minutes as written – seconded by Liz -- All approved – Motion passed **(202106)**

IV. Member Topics – Several community members were in attendance to present issues.

- A member offered thanks to Don McColman and his crew for fixing the bottom part of the Zenith stairs. However, she mentioned that the railroad ties (above the repaired section) were rotting out and could be a dangerous liability. They need to be maintained or taken out and replaced with a metal staircase (like some of the other beaches have). President Glady remarked that she had asked Ted Parker if this was an option. Ted installed the other steel staircases. He told her there was too much concrete dumped on that bluff and beach – making it impossible to put the steel stairways in that spot.
- Another member expressed thanks to Don McColman for his work on the Zenith stairs. She asked the board to work on a solution. Glady indicated the board will look into possible options.
- One Zenith resident expressed concerns over potential liability and recommended we look into insurance costs. He also asked the board to investigate additional options for a permanent fix.
- An Oak Street resident complained that the Oak ramp was slippery and had a potentially dangerous drop-off at the bottom, that will need to be repaired. This member also complained about a memorial placard being removed from a privately procured bench on the bluff. There was also a plaque removed from the bench at Zenith. Don Mc Colman offered to get the Zenith plaque back on the bench from the people who presently have it. Glady told the meeting participants that placards are private property and are not to be tampered with.
- Another Zenith member commented that we should look into other possible locations at the end of Zenith Street where a steel or a sturdy wooden staircase could be installed.

- A member commented on the open board trustee openings this year and expressed a need to make more people aware of the voting date and time, as well as absentee voting options. Renee responded that this was done last year and more communication will be provided this year.

V. Reading of Treasurer's Report/Financials – Treasure Diana Larsson

Treasurer, Diana Larsson, gave an oral and written report of recent payments, collections, as well as our projected year end expenditures, and our present financial status. The current bank account stands at \$60,425.21, with \$44,296.73 in the checking account and a \$16,128.48 CD.
